- + Tailor your portfolio strategy to ensure you are aligned with current consumer behaviour trends and support operators with optimising the Wine path to purchase.
- + Build tailored channel-specific strategies for Wine in the On Premise

OPUS

What is it?

The On Premise User Study is an incredibly rich resource of On Premise data and insights that provide clients all the core insights to understand what consumers are doing in the On Premise and why.

OPUS is a consumer survey of nationally representative On Premise consumers within each market, surveyed online twice a year about their out of home experience and usage.

What does it do?

OPUS gives you the power to understand the ever-changing relationship between consumers, brands, categories and channels through a single source.

OPUS enables insight driven decisions to help sales conversations, national account teams, brand and marketing teams, activations, etc. all designed to help you drive sales and grow share.

Sample: Australia = 8,000 per year
